## TITANIUM HOLDINGS GROUP, INC. AND SUBSIDIARY

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

#### 1. PRINCIPAL BUSINESS ACTIVITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accompanying consolidated financial statements include the accounts of Titanium Holdings Group, Inc. and its Subsidiary (collectively the "Company"). All significant intercompany balances and transactions have been eliminated in consolidation.

The principal business activity of the Company is manufacturing and the wholesale distribution of sanitary maintenance supplies and paper products.

The Company recognizes revenue when products are shipped.

The Company maintains cash in bank deposit accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on cash.

Merchandise inventories are valued at the lower of cost or market. Cost is determined using the first-in, first-out and average cost methods.

Inventory is comprised of the following:

Raw materials	\$ 51,185
Work in process	55,854
Finished goods	<u>529,163</u>
	<u>\$ 636,202</u>

Property and equipment are recorded at cost. Depreciation and amortization of property and equipment is provided for by the straight-line method over the estimated useful lives of the respective assets. Leasehold improvements are amortized over the shorter of the economic life of the improvement or the lease term.

The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates by management. Actual results could differ from these estimates.

Basic net income per common share is based on the weighted-average number of shares outstanding during the period while diluted net income per common share considers the diluted effect of stock options and warrants reflected under the treasury stock method. Both basic net income per share and diluted net income per share are the same since the Company's outstanding warrants and common stock to be issued

have not been included in the calculation because their effect would have been antidilutive.

The Company complies with Statement of Financial Accounting Standards No. 123, Accounting for Stock-Based Compensation (“SFAS No. 123”) which requires Companies to include the fair value of stock options and other stock-based compensation issued to employees and non-employees as compensation expense in the income statement or to disclose the pro-forma effect on net income and earnings per share of employee compensation expense in the footnotes to the company’s financial statements. The Company has elected to account for its stock options issued under its stock option plans pursuant to Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees. This decision results in recognition of no compensation expense for stock options issued under a Company stock option plan which are granted to employees with an exercise price at or greater than the market price on the grant date.

In July 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 141, “Business Combinations” (SFAS No. 141) and Statement of Financial Accounting Standards No. 142, “Goodwill and Other Intangible Assets” (SFAS No. 142.)

SFAS No. 141 addresses financial accounting and reporting for business combinations. This statement requires the purchase method of accounting to be used for all business combinations, and prohibits the pooling-of-interests method of accounting. This statement is effective for all business combinations initiated after June 30, 2001 and supercedes APB Opinion No. 16, “Business Combinations” as well as FASB Statement of Financial Accounting Standards No. 38, “Accounting for Preacquisition Contingencies of Purchased Enterprises”.

SFAS No. 142 addresses how intangible assets that are acquired individually or with a group of other assets should be accounted for in financial statements upon their acquisition. This statement requires goodwill to be periodically reviewed for impairment rather than amortized, beginning on January 1, 2002. SFAS No. 142 supercedes APB Opinion No. 17, “Intangible Assets”.

Management does not believe that any recently issued, but not yet effective, accounting standards, if currently adopted, would have a material effect on the accompanying financial statements.
